**PLATEAU STATE BASELINE EXERCISE ON PRIMARY HEALTH CARE
WORKERS/MULTI-YEAR COSTED RECRUITMENT PLAN.**

1. Introduction

This report presents the findings of the baseline mapping exercise, the number of duty stations of **primary health care (PHC) workers** across Plateau State. The study presented a multi-year, cost-worker recruitment and deployment plan to identify and address staffing gaps. This initiative is essential for strengthening the health workforce and improving healthcare service delivery to address critical workforce shortages in primary healthcare by increasing equitable deployment of trained personnel across the state.

2. Objectives The primary objectives of this baseline exercise are to:

- Conduct a comprehensive enumeration of **primary health care workers** in Plateau State.
- Identify and map health worker duty stations across the 17 Local Government Areas (LGAs).
- Assess health workers' distribution, qualifications, and specialization to determine staffing gaps.
- Develop a multi-year, costed health-worker recruitment and deployment plan to address deficiencies.

MINISTRY OF HEALTH HEADQUARTERS
JOSEPH GOMWALK SECRETARIAT COMPLEX, P.M.B 2014, JOS, PLATEAU STATE
e-mail: plateaustateministryofhealth@gmail.com

- Provide policy recommendations for sustainable workforce planning and improved health outcomes.

3. Methodology A mixed method approach was used to ensure a comprehensive analysis:

- **Data Collection:** A review of the list of health care workers from each LGA, Enumeration of health workers, facility visits, and stakeholder consultations.
- **Gap Analysis:** Extracting data from the facilities
- **Financial Analysis:** Estimating recruitment, training, and deployment budgetary requirements.

4. Key Findings

4.1 Health Worker Distribution

- A total of **2,116** health workers were identified in the PHCB with **2,008** deployed to the **1,236** primary healthcare facilities in the state while **108** staffs are stationed at the PSPHCB headquarters
- A total of **1410** female health workers compare to **713** males
- Rural and underserved communities experience critical shortages.
- There is a notable gender and professional imbalance, with shortages in key health specializations such as maternal and child health services.

e-mail: plateaustateministryofhealth@gmail.com

4.2. Healthcare Facility Density in Plateau State

Health facility density refers to the number of health facilities (in this case, public PHCCs) per 10,000 population. It is a key indicator of access to outpatient services. The state has a Public PHC density of 8, implying that for every 10,000 population in the State, eight (8) public PHC is serving the population.

Healthcare facility density in Plateau State, Nigeria is relative low compared to need with uneven distribution favoring urban areas. Roughly 1 facility per 3,300-3,800 people (or 2.6-3 facilities per 10,000.00 (People).

MINISTRY OF HEALTH HEADQUARTERS

JOSEPH GOMWALK SECRETARIAT COMPLEX, P.M.B 2014, JOS, PLATEAU STATE
e-mail: plateaustateministryofhealth@gmail.com

4.2 Staffing Gaps

- Plateau State has a shortfall of **5,408** health workers. Cutting across all the cadres.
- Rural LGAs experience high health worker attrition due to inadequate infrastructure and lack of incentives.
- Healthcare facility ratio in Plateau State, Nigeria is relatively low compared to need with uneven distribution favoring urban areas. Roughly 1 facility per 3,300-3,800 people (or 2.6-3 facilities per 10,000.00 (People).
- In some PHC facilities, the patient-health-worker ratio exceeds recommended standards, negatively impacting service delivery.

MINISTRY OF HEALTH HEADQUARTERS
JOSEPH GOMWALK SECRETARIAT COMPLEX, P.M.B 2014, JOS, PLATEAU STATE
e-mail: plateaustatemistryofhealth@gmail.com

4.3 Financial and Workforce Projections/Forecasting

- Based on projected population growth and worker retirements, the state needs to recruit **5,408** however due to financial projections the State is targeting at least 4500 new health workers over the next three years.
- The estimated recruitment, training, and deployment cost is **₦10.2billion** Over three years.

5. Multi-Year Health-Worker Recruitment and Deployment Plan A structured approach is required to bridge the staffing gap. The following phased plan is recommended:

MINISTRY OF HEALTH HEADQUARTERS

e-mail: plateaustateministryofhealth@gmail.com

Plateau State Multi-Year Costed Recruitment and Training Plan.

Year	Recruitment Plan	Training Plan	Budget (Naira)
2025	☐ Recruit health workers for 1700 primary healthcare centers. ☐ Evaluate recruitment impact and as emerging needs.	☐ Provide foundational training for newly recruited health workers. ☐ Enhance refresher training and mentorship initiatives.	N5.1 billion

MINISTRY OF HEALTH HEADQUARTERS
JOSEPH GOMWALK SECRETARIAT COMPLEX, P.M.B 2014, JOS, PLATEAU STATE
e-mail: plateaustateministryofhealth@gmail.com

2026	Recruit additional 1,500 health workers for underserved areas.	Develop structured induction training and specialization programs.	N3 billion
2027	Recruit 1,300 more health workers to address staffing gaps.	Implement continuous professional development courses.	N2.1 billion

Policy Recommendations

To ensure the sustainability of the workforce plan, the following policy measures should be considered:

1. Introduce rural posting allowances and career progression incentives for health workers in underserved areas.
2. Strengthen pre-service and in-service training programs for continuous professional development.

MINISTRY OF HEALTH HEADQUARTERS
JOSEPH GOMWALK SECRETARIAT COMPLEX, P.M.B 2014, JOS, PLATEAU STATE
e-mail: plateaustateministryofhealth@gmail.com

3. Establish a digital health workforce database for real-time monitoring and planning.
4. Leverage support from development partners to enhance recruitment efforts
5. Organize a reward base system to strengthen culture and talents within the MDAs as one of the enablers in the Sector Wide Approach.

7. Conclusion

The findings of this baseline exercise highlight the urgent need for strategic health worker recruitment and deployment in Plateau State. By implementing the proposed multi-year plan and bridging critical workforce gaps, the state can enhance primary health care service delivery. Strong government commitment and stakeholder collaboration will be essential to achieving these objectives.

8. Next Steps

- ❑ Official publication and dissemination of the report by **March**.
- ❑ Stakeholder validation workshop to review and finalize the implementation plan.
- ❑ Commencement of phased health-worker recruitment and deployment to address identified gaps.

EXTRACT

**EXECUTIVE COUNCIL OF PLATEAU STATE GOVERNMENT
MEETING OF THE PLATEAU STATE EXECUTIVE COUNCIL HELD
ON TUESDAY, MARCH 4, 2025 AT COUNCIL CHAMBER,
NEW GOVERNMENT HOUSE, LITTLE RAYFIELD, JOS**

5.0 Presentation of Memo PLM 001A/2025 on Request for Approval of the completed Baseline Exercise Mapping the Number and Duty Station of Basic Education Teachers and Primary Health Care Workers

5.1 The Hon. Commissioner, Ministry of Budget and Economic Planning who presented the Memo informed Council that the State has expressed its interest in participating in the HOPE Governance Project by submitting an Expression of Interest (EOI) to the Honourable Minister of Budget and Economic Planning. He informed Council that the Project was designed to strengthen governance systems, improve public sector planning, enhance service delivery, and promote evidence-based decision-making across the State.

5.1.1 The Hon. Commissioner further stated that as part of the eligibility requirements for participation in the Project, the state was required to generate credible baseline data to support strategic planning, policy formulation, budgeting, and implementation of reforms in key service delivery sectors, particularly Education and Primary Healthcare.

5.1.2 He said in compliance with this requirement and to meet the project timelines, the implementing Ministries of Education and Health had successfully conducted a comprehensive statewide baseline assessment to determine the current status of human resource redeployment across the education and primary healthcare sectors.

5.1.3 The Hon. Commissioner intimated Council that the completed baseline assessment covered the following activities:

EXECUTIVE COUNCIL OF THE PLATEAU STATE GOVERNMENT

TOP SECRET

PLC/001/2025

Tuesday, March 4, 2025

Conclusion No.

A. Basic Education Sector

- **Mapping of all public basic education teachers across the State.**
- **Determination of the number of teachers in each public basic education school.**
- **Identification of teachers' duty stations and their distribution across the Local Government Areas.**
- **Preparation of a Multi-Year Costed Teacher Deployment Plan to address identified staffing gaps and ensure equitable teacher distribution.**

B. Primary Healthcare Sector:

- **Mapping of all Primary Health Care (PHC) workers across the State.**
- **Determination of the number and cadre of health workers in each Primary Health Care facility.**
- **Identification of health workers' duty stations and distribution across the State.**
- **Assessment of existing human resource gaps within the PHC system.**
- **Preparation of a Multi-Year Costed Health Workforce Recruitment and Deployment Plan to progressively address staffing shortages and improve access to quality primary healthcare services.**

5.1.4 The Hon. Commissioner said the findings and recommendations from the baseline assessment will provide the State with a strategic framework for addressing workforce shortages, improving equitable deployment of teachers and health workers, enhancing service delivery outcomes, and strengthening institutional planning. The assessment also constitutes a mandatory deliverable for the State's participation in the HOPE Governance Project.

EXECUTIVE COUNCIL OF THE PLATEAU STATE GOVERNMENT

TOP SECRET

PLC/001/2025

Tuesday, March 4, 2025

Conclusion No.

5.1.5 Consequently, the Hon. Commissioner requested Council to Consider, Note and Approve:

- 1. Ratify and approve the completed statewide baseline assessment conducted in the Education and Primary Healthcare sectors.**
- 2. the Multi-Year Costed Teacher Deployment Plan and the Multi-Year Costed Health Workforce Recruitment and Deployment Plan developed from the baseline findings.**
- 3. the adoption of the baseline findings as the State's official workforce planning framework for the Education and Health sectors.**
- 4. Authorize the submission of the approved baseline assessment report, together with the Multi-Year Costed Teacher Deployment Plan and the Multi-Year Costed Health Workforce Recruitment and Deployment Plan, to the Honourable Minister of Budget and Economic Planning as part of the State's compliance with the requirements of the HOPE Governance Project.**

5.2 After deliberations, Council commended the initiative and Approved and also Authorised the submission of the Baseline Exercise of Mapping the Number and Duty Station of Basic Education Teachers and Primary Health Care Workers to the Hon. Minister of Budget and Economic Planning through a motion moved by Hon. Commissioner, Ministry of Tourism, Culture and Hospitality and seconded by Hon. Commissioner, Ministry of Information and Communication.
